UNIVERSITY COMMUNITY
CARE PLAN

Welcome to University Community Care Plan by Community First, a qualified health plan through the Health Insurance Marketplace®.

Community First has been providing Bexar County families with high-quality health insurance coverage for nearly 30 years. We are proud to be your only local, non-profit health plan. Here's a look at your new benefits and services as a University Community Care Plan Member.

Access To The Best Providers

University Community Care Plan (UCCP) is an Exclusive Provider Organization (EPO) which means our area's top providers are in your network, including:

- University Medicine Associates primary care providers
- UT Health specialty providers
- Outpatient health care centers across Bexar County, including University Health Texas Diabetes Institute
- Level I Trauma Center at University Hospital

No Referrals

UCCP does not require a referral to see a specialist in your network. No referral means you can access the care you need, when you need it, removing roadblocks to better health.

Telehealth Services

Visit your provider from the comfort of your own home using telehealth services. Telehealth is a great option when you have general health questions, need to request a prescription refill, discuss lab results, or when you're just not feeling your best. Your couch can be your waiting room with telehealth. Just ask your provider about the virtual health care options they offer.

In-Home Urgent Care Services

You can feel better faster when using in-home urgent care services provided by **DispatchHealth**, 7 days a week (including holidays) from 8:00 a.m. to 10:00 p.m. Book your appointment, and a professional medical team will come to your home to provide treatment for a wide range of non-life-threatening medical conditions.

Free Prescription Delivery

Save time and gas money by avoiding a trip to the pharmacy to pick up your medication or refill. University Health Pharmacies offer mail-order prescriptions delivered to your door at no extra charge.

Comprehensive Coverage

Your benefits include a full range of covered services to help you get healthy, stay healthy, and support you when facing a serious illness or emergency.

Your coverage includes:

- Primary care and specialist visits
- Preventive care and screenings
- Immunizations
- Mental health care services
- Diagnostic services (i.e., x-rays, blood work, imaging)
- Chiropractic care
- Urgent care
- Emergency services
- Pediatric vision exams & eyewear
- Hearing aids
- And more!

To review a complete list of your benefits, visit us online at [CommunityFirstMarketplace.com](https://www.CommunityFirstMarketplace.com).

Added Benefits

As a University Community Care Plan Member, you can also enjoy access to additional benefits at no cost.

24/7 Nurse Advice Line

Community First's Nurse Advice Line, staffed by Registered Nurses, is available 24 hours a day, 7 days a week. Our Nurse Advice Line can help when you:

- Have questions about your health
- Are worried about a sick child
- Have questions about your pregnancy
- Are unsure about how much medicine to take
- Need to decide if you have a real emergency, if you should go to urgent care, or if you can wait to see your doctor

HEALTH & WELLNESS PROGRAMS

Health & Wellness Programs

Our Health & Wellness Programs are designed to help you manage a chronic illness, like asthma, diabetes, and high blood pressure, and provide support during big changes in your health, like a pregnancy or new diagnosis. Join the program that fits your needs and gain access to resources, education, and support from qualified Community First Health Educators.

To get started, complete our General Health Assessment at [CommunityFirstMarketplace.com](https://www.communityfirstmarketplace.com).

Education & Scholarships

Community First also offers educational opportunities to Members, including a family of scholarship programs, financial literacy classes, and more.

Virtual & Mobile Care

Community First partners with providers who offer virtual and mobile health care services to meet you where you are in life, including **Betty's Co.**, a mobile women's health care provider, and **Charlie Health**, a virtual mental health treatment program provider.
