

PRESCRIPTION COPAYS

When you fill a prescription, you may have a copay. A copay is a flat fee you pay for things like a doctor's visit or a prescription drug.

YOUR PRESCRIPTION DRUG COPAY AMOUNT DEPENDS ON YOUR PLAN & TWO OTHER FACTORS:

- 1. DRUG TIER:** Prescription drugs are grouped into tiers. The higher the tier, the higher the cost of the medicine for the Member, in general.
- 2. QUANTITY:** A standard supply for many prescription drugs is 30 days, but some drugs may be available in a 60 or 90 day supply. Your copay amount may depend on the quantity.

The chart below is an example of what you might pay for a prescription drug depending on the drug tier and quantity.*

	30-DAY SUPPLY	60-DAY SUPPLY	90-DAY SUPPLY
TIER 1 (PREFERRED GENERIC DRUGS)	\$5 copay	\$10 copay	\$15 copay
TIER 2 (GENERIC DRUGS)	\$7 copay	\$14 copay	\$21 copay
TIER 3 (BRAND NAME DRUGS)	\$15 copay	\$30 copay	\$45 copay
TIER 4 (SPECIALTY DRUGS)	\$30 copay	\$60 copay	\$90 copay

*Copay amounts vary by plan. Specialty Drugs may have a coinsurance (a percentage of cost of a covered drug that you pay) instead of a copay. UCCP Members should fill prescriptions at a University Health pharmacy for in-network pricing.

Visit UniversityCommunityCarePlan.com to:

- Review your plan documents and prescription drug benefits.
- Find the drug tier of your medication in the Formulary
