YOUR RIGHTS WITH AN EXCLUSIVE PROVIDER BENEFIT PLAN (EPO)
NOTICE FROM THE TEXAS DEPARTMENT OF INSURANCE

Your plan

Your health plan contracts with doctors, facilities, and other health care providers to treat its Members at discounted rates. Providers that contract with your health plan are called “preferred providers” (also known as “in-network providers”). Preferred providers make up a plan’s network. Your plan will only pay for health care you get from doctors and facilities in its network.

However, there are some exceptions, including: emergencies, when you didn’t pick the doctor, and for ambulance services.

Your plan’s network

Your health plan must have enough doctors and facilities within its network to provide every service the plan covers. You shouldn’t have to travel too far or wait too long to get care. This is called “network adequacy.” If you can’t find the care you need, ask your health plan for help. You have the right to receive the care you need under your in-network benefit.

If you don't think the network is adequate, you can file a complaint with the Texas Department of Insurance at www.tdi.texas.gov or by calling 800-252-3439.

List of doctors

You can get a directory of health care providers that are in your plan's network.

You can get the directory online at <https://exchange.communityfirsthealthplans.com/network> or by calling toll-free 1-888-512-2347 or local 210-358-6400.

If you used your health plan's directory to pick an in-network health care provider and they turn out to be out-of-network, you might not have to pay the extra cost that out-of-network providers charge.

Bills for health care

If you got health care from a doctor that was out-of-network when you were at an in-network facility, and you didn't pick the doctor, you won't have to pay more than your regular copay, coinsurance, and deductible. Protections also apply if you got emergency care at an out-of-network facility or lab work or imaging in connection with in-network care.

If you get a bill for more than you're expecting, contact your health plan. Learn more about how you're protected from surprise medical bills at www.tdi.texas.gov.

The contract holder to whom the contract is issued shall be permitted to return the contract within 10 days of receiving it and to have the premium paid refunded if, after examination of the contract, such contract holder is not satisfied with it for any reason. If such contract holder, pursuant to such provision, returns the contract to Community First or to the agent through whom it was purchased, it is considered void from the beginning and the parties are in the same position as if no contract had been issued. If services are rendered or claims are paid by Community First during the 10 days, the Subscriber is responsible for repaying Community First for such services or claims.

The contract holder may pay each premium, other than the first, within ninety (90) days (for those eligible for subsidies), and within thirty-one (31) days (for those not eligible for subsidies) of the premium due date. Those days are known as the grace period. If the premium is not paid in full before the grace period ends, coverage will cease at the end of the grace period. Premium rate changes may apply annually. Community First will give written notice to the contract holder at least ninety (90) days prior to a change in premium rates.

I. WHO IS ELIGIBLE TO BECOME COVERED

A. FOR INDIVIDUAL COVERAGE

1. You are eligible for Individual Coverage while:

- You are an Eligible Individual.
- You are in the Covered Classes.

The Federally Facilitated Marketplace (FFM) determines the Covered Classes. The FFM must not discriminate among persons in like situations. The FFM cannot exclude You from a Covered Class based on a health status factor.

You are eligible for a continuation of Individual Coverage if your marital status changes.

- 2. You are not eligible for Individual Coverage** if Your coverage under any Community First Individual Health Benefits Coverage was terminated for cause, as described in the “When Your Coverage Ends” section.
- 3. Your Individual Coverage** becomes effective as described in the “When You Become Covered” section.

B. FOR DEPENDENT COVERAGE

1. You are eligible for Dependent Coverage while:

- You are an Eligible Individual; and
- You are a Qualified Dependent.

2. Your Eligible Dependents are:

- Your spouse.
- Your Children under 26 years old.
- A Child under age 26 does not have to be in college or some other educational institution.
- A grandchild that is unmarried, younger than 25, and a dependent of the Subscriber for federal income tax purposes at the time of coverage application.
- Any person who qualifies as a Dependent for federal income tax purposes and for whom premium has been paid, including a Child of any age who is medically certified as disabled and dependent on the parent.

3. Exception(s)

- a. The age 26 limit does not apply to a child who is incapable of self-sustaining employment due to intellectual disability or physical disability and chiefly dependent upon You for support and maintenance. Community First may require You to furnish proof of such incapacity and dependency periodically, but not more than annually.
- b. Your spouse or child does not qualify as Your Dependent while covered under the Individual Health Benefits Coverage.

4. You are not eligible for Dependent Coverage if Your coverage under any Community First Individual Health Benefits Coverage was terminated for cause as described in the “When Your Coverage Ends” section.

5. Your Dependent Coverage becomes effective as described in the “When You Become Covered” section.

II. WHEN YOU BECOME COVERED

You may only enroll Yourself or Your Dependents during an Initial Enrollment Period (as described in Section II A); an Enrollment Period (as described in Section II B); or Special Enrollment Periods (as described in Section II C) below.

A. INITIAL ENROLLMENT PERIOD

1. **General Rule: When You Become an Eligible Individual.** You may enroll Yourself and Your Dependents for Individual Health Benefits Coverage within 31 days after first becoming an Eligible Individual.
2. **General Rule: Enrolling New Dependents.** You may enroll a Qualified Dependent within 31 days after the Dependent becomes eligible to be added because of marriage, birth, or adoption. Community First Individual Health Benefits Coverage will not begin sooner than the first of the month following Your request to enroll the Dependent.
3. **Special Dependent Coverage Rules for Newborn and Adopted Children:** A child born to You, an Adopted Child or a child that is the subject of a suit for adoption by You while You are covered for Individual Health Benefits Coverage, will be covered from the date of the child's birth, or the date the child becomes the subject of a suit for adoption, until coverage for the child terminates under this Policy or applicable law. Coverage for the child is subject to the "When Your Coverage Ends" section of this Policy and to the following provisions:
 - a. The coverage for the child will not end during the thirty-one (31) day period starting with the child's birth or adoption because You fail to pay any required monthly premium for that coverage;
 - b. The coverage for the child will not continue beyond the end of that thirty-one (31) day period unless, before the end of that period, You have notified Community First of the birth and paid any additional monthly premium owed for the added dependent coverage. **If You do not provide notice to Community First of the birth, coverage for the Child terminates on the 32nd day after the birth even if You do not owe additional premium for the Child.**

B. OPEN ENROLLMENT PERIODS

During an Individual Enrollment Period, You may elect to cover yourself and Qualified Dependents under the Individual Health Benefits Coverage if You first become eligible for Individual Coverage during that Open Enrollment Period; **or**

1. If You elect for Yourself and Your Dependents to become covered under the Individual Health Benefits Coverage during an Open Enrollment Period, Your or Your Dependent's coverage will begin on the Individual Enrollment Date established by Community First, if all the conditions below are met on that date.
 - a. You are eligible for Individual Coverage.

 - c. You reside, live, or work in the Service Area.

C. SPECIAL ENROLLMENT PERIODS

1. Special Enrollment Period for Individuals and Dependents Who Lose Coverage.

- c. When enrollment was previously offered and declined, the Eligible Individual or Dependent had other coverage; and
- d. When enrollment was declined, the Eligible Individual stated in writing that he or she was declining coverage because he or she or the Dependent had other coverage; and
- e. When enrollment was declined:
 - (1) The Eligible Individual or Dependent was covered under COBRA or state continuation periods and the continuation period has since been exhausted; or
 - (2) When enrollment was declined, the Eligible Individual had coverage other than COBRA or state continuation coverage that has since terminated due to loss of eligibility.

Loss of eligibility includes the following:

- loss of coverage as a result of a legal separation, divorce, or death;
- any loss of eligibility;
- no longer living or working in the service area;

- f. A special enrollment period is not available to an eligible Person and/or Dependents if previous coverage was terminated for cause or failure to timely pay premiums.

2. Special Enrollment Period for Court-Ordered Coverage of a Spouse or Child.

- a. **Coverage automatic for 31 days.** If an Individual receives a medical support order or notice of a medical support order requiring You to enroll Your spouse or Child for health insurance coverage, Community First shall cover the spouse or Child for 31 days after the Individual received the order or notice.
- b. **Enrollment required to continue coverage.** Coverage for such spouse or Child will end unless You or another person authorized applies for enrollment of the spouse or Child and pays any additional premium for the added dependent coverage by the last day of the month in which the 31-day automatic coverage period expires.

3. Special Enrollment Period for Changes in Family Circumstances.

E. SPECIAL COVERAGE RULES IN CASE OF A HOSPITAL STAY

1. **In the Hospital:** If You or Your Dependent are in a Hospital or other facility on the date that You or Your Dependent become enrolled for Individual Health Benefits Coverage, you must notify Community First within (2) days or as soon as reasonably possible and authorize Community First to assume responsibility for arranging for the confined person's health care.
2. If You fail to notify us of the hospitalization or to allow us to coordinate your care, Community First will not be obligated to pay for any expenses related to your hospitalization following the first two (2) days after your coverage begins.
3. The services are not covered if You or Your Dependent are covered by another health plan on that date and the other health plan is responsible for the cost of services. Community First will not cover any service that is not a Covered Benefit under this Individual Health Benefits Coverage. To be covered, You must utilize Participating Providers and is subject to all the terms and conditions set forth in the Individual Health Benefits Coverage.
4. Community First may transfer You or Your Dependent to a Participating Provider and/or a Participating Hospital if the Medical Director, in consultation with Your Physician, determines that it is medically safe to do so.

III. INDIVIDUAL HEALTH BENEFITS COVERAGE

A. FOR YOU AND YOUR DEPENDENTS

- 1. In General:** This Coverage provides benefits for many of the services and supplies needed for care and treatment of Your or Your Qualified Dependents' Illnesses and Injuries and to maintain Your or Your Qualified Dependents' good health. Not all services and supplies are eligible, and some are eligible only to a limited extent. Insured are responsible for knowing their coverage and for determining whether services and supplies are covered before receiving services and supplies. Insured should work with their Primary Care Provider (PCP) or Network Provider and Community First to solve any question on whether a service or supply is a covered benefit before receiving the service or supply.
- 2. Primary Care Provider (PCP) Selection:** Once You have chosen Community First, you may select a PCP, who will provide the majority of Your and Your Qualified Dependents' health care services. Your PCP will be the one You call when You need medical advice, when You are ill and when You need preventive care. Each Covered Person may select his or her own PCP from the Community First Participating Provider directory. Your PCP will generally be licensed in one of the following specialties: internal medicine, general medicine, pediatrics and/or family practice. Community First Health Plans encourages you to choose a PCP. You may designate any PCP who participates in our network and who is available to accept you or your family members. For children, you may designate a pediatrician as the PCP. For information on how to select a PCP, contact Community First Member Services at 210-358-6400 or toll-free at 1-888-512-2347.

Should You have a chronic, disabling, or Life-Threatening Illness, You may request to use a Participating Specialty Provider as a PCP, provided that the Participating Specialty Provider is willing to accept the coordination of all of Your health care needs.
- 3. OB/GYN Selection.** A female Insured entitled to coverage shall be permitted direct access to the health care services of a participating obstetrician or gynecologist. You do not need prior authorization from Community First or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, follow a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact Community First Member Services, at 210-358-6400 or toll-free at 1-888-512-2347.
- 4. Changing Your Primary Care Provider (PCP).** Community First believes that a strong PCP-patient relationship is critical. However, we also realize that there may be a need for an Insured to change his/her PCP. If You have selected a PCP and must change Your PCP, You may do so by calling Community First's Member Services Department at 210-358-6400 or toll-free at 1-888-512-2347. Requests for changes will take effect immediately.

5. **Continuity of Care.** In this section, the term “continuing care patient” means an individual who, with respect to a provider or facility:
- a. is undergoing a course of treatment for a serious and complex condition from the provider or facility;
 - b. is undergoing a course of institutional or inpatient care from the provider or facility;
 - c. is scheduled to undergo nonelective surgery from the provider, including receipt of postoperative care from such provider or facility with respect to such a surgery;
 - d. is pregnant and undergoing a course of treatment for the pregnancy from the provider or facility; or
 - e. is terminally ill and is receiving treatment for such illness from such provider or facility.

If Community First terminates a contractual relationship with a provider or facility while an Insured is a continuing care patient (except for terminations due to failure to meet applicable quality standards or for fraud), the organization shall (i) notify the Insured of such termination and the Insured’s right to elect continued transitional care from such provider or facility; (ii) permit the Insured to continue the course of treatment furnished by such provider or facility relating to such continuing transitional care under the same terms and conditions as would have applied if the contract had not been terminated, until the earlier of 90-days or the date on which Insured is no longer a continuing care patient with respect to such provider or facility.

B. COVERED SERVICES AND SUPPLIES

1. **In General:** Community First will arrange or provide for benefits for the Covered Services and Supplies set forth in Section III.B.3. below. Some services, such as hospital confinements, will require Pre-Authorization by Community First. However, You will not need Pre-Authorization for Emergency Care. See Schedule of Copayments.

All Covered Services rendered by Non-Participating Providers, except in the case of a Medical Emergency, require Pre-Authorization by Community First. Pre-Authorization is granted on the condition that the Member is eligible for Covered Services at the time the Covered Services are received, and the Covered Services are Medically Necessary. Pre-Authorization will be denied if the requested supply or service is not a Covered Service or Supply or is not Medically Necessary. If You have any questions about whether a Covered Service or Supply requires Pre-Authorization, contact Your PCP or Network Provider or Community First’s Member Services Department.

Covered Services are those services and supplies furnished to Insured as described in the paragraph below. Some Covered Services and/or Supplies below may require review for Medical Necessity prior to Pre-authorization.

NOTE: Benefits Payable on Behalf of a Child. Community First must provide for the repayment of the actual costs of medical expenses the Texas Health and Human Services Commission pays through medical assistance for an Insured person if, under the policy, the Insured is entitled to payment for the medical expenses.

- a. Covered Services:

All Covered Services must be furnished to an Insured:

- (1) by a PCP (if selected); or
- (2) by another Participating Provider;

- (3) by a Non-Participating Provider if referred by a PCP or Network Provider and preauthorized by Community First;
- (4) by a Participating Specialty Care Provider approved by Community First's Medical Director to perform the services of a PCP pursuant to a request of an Insured with a chronic, disabling, or Life-Threatening illness; or
- (5) by a participating obstetrician or gynecologist or a participating behavioral health Provider.

Pre-authorization may be required to obtain specific services or supplies prior to undergoing hospitalization, outpatient surgery or diagnostic procedures. Pre-authorization may also be required for habilitation, rehabilitation, and skilled nursing care.

If Medically Necessary Covered Services are not available through a Participating Provider, Community First will, at the request of a Participating Provider, within a reasonable time but in no event to exceed five business days after receipt of reasonably requested documentation, allow referral to a Non-Participating Provider and shall reimburse the Non-Participating Provider at the usual and customary rate or at a negotiated rate. Before such a requested referral can be denied, Community First must have the request reviewed by a specialist of the same or similar specialty as the Provider or Provider to whom the referral is requested.

b. After Hours Care:

Illnesses and Injuries often do not happen during normal office hours. Your PCP or selected Network Provider is available 24 hours a day, 7 days a week. You should contact him or her if You need after hours care. If Your call is placed after Your provider's office hours, You may receive instructions from your provider's answering service; a live answering service may notify the Provider on call, who can advise You on how to proceed; or You may call Community First to reach the 24-hour Nurse Advice Line, at 210-358-6400 or toll-free at 1-888-512-2347.

c. Urgent Care Services:

Urgent Care in the Service Area. In the event of an urgent situation (Illness or Injury) that is severe or painful enough to require a Provider's care within 24 hours, contact Your PCP or Network Provider who will direct You to an in-network facility. See Schedule of Copayments.

d. Medical Emergency:

Necessary Emergency Care services will be provided to Insured, including treating and stabilizing a Medical Emergency, and any medical screening or evaluation required by state or federal law necessary to determine if a Medical Emergency exists.

If it is determined that a Medical Emergency does exist, Community First will pay for Emergency Care services. Non-Participating Providers will be reimbursed at negotiated or usual and customary rates for the services performed. Community First will approve or deny coverage of post-stabilization care, as requested by a treating Provider, within the timeframe allowed by the circumstances, but in no case to exceed one hour.

Community First will have staff available during regular business hours to review your emergency care. If You receive Emergency Care and the Provider who treated You indicates that you will need follow-up care to complete the treatment, the

follow-up care must be by the Insured's PCP or Network Provider, not by the Out of Network Provider who treated You for the Medical Emergency. The Insured, or someone acting on the Insured's behalf, should contact the Insured's PCP or Network Provider within 24 hours, or as soon as reasonably possible, so that he or she may arrange for follow-up care.

Insured should not use the Emergency Room or Urgent Care facility for routine or non-emergent services. If You choose to use the Emergency Room or Urgent care facilities for routine or non-emergent services, then You will be responsible for all billed charges relating to the services. You can use Community First's Complaint and Appeals Process to resolve a dispute regarding Emergency Care. If You have any questions regarding whether a situation constitutes a Medical Emergency, please contact Your PCP or Network Provider.

- 2. Insured Financial Responsibility.** When using authorized Covered Services from a Participating Provider, You will only owe a Copayment or Percentage copayment to that Provider. It is the Insured's responsibility to ensure that the Providers from whom You receive services are contracted with Community First.

Services provided by a Non-Participating Provider out of the Community First network (except for emergency care) are not authorized-. You will be responsible for all charges if services are provided outside of the Community First EPO network.

You should ask about the contract status of the Providers from whom you receive treatment, especially when You are referred by your PCP or Network Provider to a Specialty Care Provider and when You receive services at a Participating Hospital as some facility based Providers or other health care practitioners such as anesthesiologist, pathologist, neonatologist, emergency room Providers and radiologist, may not be included in Community First's network and may balance bill You for amounts not paid by Community First.

If you receive a bill for authorized services from any in-network Participating Provider asking you to pay for something other than a Copayment, for services that are authorized (or those that do not require authorization) please notify Community First's Member Services Department immediately.

- a. **Premiums.** Insured may pay a premium for the Individual Insurance Policy. The premium amount and payment arrangements are made to Community First.
- b. **Copayments.** You will be responsible for appropriate Copayments, up to Out-of-Pocket maximums. The Copayments that apply to certain Covered Services, as well as Out-of-Pocket maximums, are described in the Schedule of Cost Sharing attached to and made a part of this Policy. Community First's Participating Providers will look only to Community First and not to You for payment of Covered Services, except for payment of applicable Copayments.
- c. **Services or Supplies that are not Covered under this Individual Insurance Policy.** If You receive health care services or supplies that are not Covered Services and Supplies, You will be financially responsible for the entire cost of service.
- d. **Unauthorized Services.** You will be held financially responsible for the entire cost of services if you obtain health care services, in circumstances other than a Medical Emergency or urgent care, from a Non-Participating Provider without Preauthorization from Community First.

- 3. Covered Services:** The Covered Services are those that are listed below. Section C “Limitations” describes any modification of these Covered Services for certain Illnesses. A service or supply is not a Covered Service or Supply if excluded. It is excluded to the extent it falls outside any limits described in Section C “Limitations” or is described in Section D “Exclusions”. Some Covered Services and/or Supplies below may require review for Medical Necessity prior to services being rendered.

Each of these amounts is calculated excluding any in-network Copayment imposed with respect to the Insured.

Additional charges described in "Outpatient Laboratory and X-ray Services", or "Outpatient Facility Services" may also apply.

Unless designated and recognized by Community First as an in-network Urgent Care center, neither a hospital nor an emergency room will be considered an Urgent Care center.

A. Sometimes another person or entity may be liable to You for medical services covered by Community First under this Individual Policy. For example, if an Insured is injured in an automobile accident caused by another driver, the other driver or that driver's automobile insurance carrier may be liable to the Insured for medical expenses incurred because of the injuries. If Community First pays or provides benefits for Insured under this Individual Health Care Coverage, Community First is subrogated to all rights of recovery which the Insured has in contract, tort or otherwise against any person, organization or insurer for the amount of benefits Community First has paid or provided. That means Community First may pursue Insured's rights in its own name or the name of the Insured, to recover money through judgment, settlement or otherwise from any person, organization or insurer. Upon receiving any benefits from Community First, you are considered to have assigned your rights of recovery to Community First to the extent of such benefits. If you have retained an attorney to pursue your rights of recovery, Community First is not responsible for paying any portions of your attorney's fees or costs. Community First's rights will not be affected by any release that is entered into without the consent of Community First.

Each Insured agrees to reimburse Community First as described in these provisions in return for Community First providing services, supplies or benefits for an Insured's Illness or Injury:

1. For which another person, corporation, or other entity is considered responsible; or
2. That arises out of, or in the course of, any work for wage or profit and is covered by any workers' compensation law, occupational disease law, or similar law.

B. Community First also has a right of reimbursement where an Insured has recovered amounts from any sources due to an injury, illness or omission including but not limited to:

1. Payment made by a Third Party or any insurance company on behalf of the Third Party
2. Uninsured or underinsured motorist coverage policy
3. Workers' Compensation or disability award or settlement
4. Automobile policy medical payments coverage
5. Premises or homeowners medical payments coverage
6. Premises or homeowners insurance coverage
7. Any other payments from a source intended to compensate a Member for injuries.

Immediately upon receipt of any payments or collection of damages (as a settlement, award, and judgment or in any other way) with respect to such Illness or Injury, the Insured involved (or if incapable, that person's legal representative) will reimburse Community First for:

1. The actual costs incurred for any benefits provided directly by Community First as a result of the Illness or Injury; and

2. The actual costs paid by Community First for medical services required by the Insured as a result of the Illness or Injury.

Such reimbursement will be made only to the extent of any such payments or collections actually received from a responsible Party as a settlement, judgment, or in any other way.

- C. **Workers' Compensation.** If benefits are provided to Community First Insured for Basic Health Care Services covered under Worker's Compensation benefits, Community First will seek reimbursement from the financially responsible party. The Insured will cooperate with Community First to ensure that Community First is reimbursed for the actual cost paid for any benefits provided to the Insured. The Insured must complete forms and provide any information as may be necessary to assist Community First in obtaining reimbursement.
- D. With respect to subrogation and reimbursement by Community First under these provisions, Community First will not be responsible for any legal fees and expenses unless specifically agreed to in writing.
- E. The Insured agrees to cooperate with Community First in order to protect Community First's subrogation and reimbursement rights. The Insured agrees to promptly furnish to Community First all information which the Insured has concerning Insured's rights of recovery from any Party, including information on any claims made or suits filed, and to fully assist and cooperate with Community First in protecting and obtaining its reimbursement and subrogation rights. The Insured involved will execute and deliver to Community First such documents, agreements and information requested by Community First in order to enforce its rights hereunder. The Insured agrees to obtain the consent of Community First before settling any claim or suit or releasing a party from liability for payment of medical expenses resulting from the Illness or Injury. The Insured also agrees to refrain from taking any action or making any statement to prejudice Community First's recovery rights under these provisions.
- F. Nothing in these provisions requires Community First to pursue the Insured's claim against any Party for damages or claims or causes of action that the Insured might have against such Party as a result of the Illness or Injury.
- G. Community First may designate a person, agency, or organization to act for it in matters related to subrogation or reimbursement, and the Insured agrees to cooperate with such designated person, agency, or organization the same as if dealing with Community First itself.
- H. Community First's recoveries under subrogation are limited to the extent allowed by the Texas Civil Practices and Remedies Code Chapter 140, including Subsections 140.005, 140.007 and 140.008.

V. CLAIM RULES

These rules apply if a charge is made to an Insured for any service or supply with respect to which benefits would be provided under the Individual Health Benefits Coverage.

A. REIMBURSEMENT PROVISIONS FOR NON-PARTICIPATING PROVIDERS OR OUT-OF-AREA CLAIMS

Only Emergency Care is covered outside of Community First's network and/or Service Area, except in the case of Court-Ordered Dependent coverage, or unless Medically Necessary Covered Services are not available through Participating

Providers. In these situations, Community First will reimburse the Non-Participating Provider at the negotiated or usual and customary rate for Medically Necessary Covered Services requested by Participating Providers and preauthorized by Community First. Non-Participating Providers may demand immediate payment for their services and supplies, and you may be responsible for a portion of the charges billed by the Non-Participating Provider if the Provider does not accept Community First's payment as payment in full. If You pay a bill for Covered Services and you believe that Community First is responsible for those charges, submit a copy of the paid bill along with a completed claim form to Community First's Member Services Department to request reimbursement (Claim forms may be obtained from the Member Services Department). Include all of the following information on Your request:

1. Your name, address and the identification number from Your identification card, and Your relationship to the Subscriber.
2. Name and address of the Provider of Your service (if not on the bill).
3. If You receive a bill for authorized Covered Services from a Non-Participating Provider, You may ask Community First to pay the Provider directly. Send the bill to Community First according to the procedures listed above.

Any bill or invoice submitted to Community First for payment or reimbursement will be evaluated and if Community First is obligated to pay the bill under this Individual Policy or applicable law, then Community First will pay the bill or reimburse Insured for payments already made at the allowable rate. However, submitting a bill to Community First does not guarantee payment or reimbursement and Community First will only pay or reimburse what it is obligated to pay or reimburse.

Community First will provide an explanation of benefits to you and the physician or provider in connection with a health care service or supply or transport provided by a non-network physician or provider. The notice will include:

1. a statement of the billing prohibition
2. the total amount the physician or provider may bill you under your policy, including an itemization of copayments, coinsurance, deductibles, and other amounts included in the total; and
3. for an explanation of benefits provided to the physician or provider, information advising the physician or provider of the availability of mediation or arbitration

B. PROOF OF LOSS

Community First must be given written proof of the loss for which claim is made under the Coverage. For a claim for loss for which this policy provides any periodic payment contingent on continuing loss, a written proof of loss must be provided to Community First before the 91st day after the termination of the period for which the insurer is liable. For a claim for any other loss, a written proof of loss must be provided to Community First before the 91st day after the date of the loss. Failure to provide the proof within the required time does not invalidate or reduce any claim if it was not reasonably possible to give proof within the required time. In that case, the proof must be provided as soon as reasonably possible but not later than one year after the time proof is otherwise required, except in the event of a legal incapacity. This proof must cover the occurrence, character, and extent of that loss must be furnished to Community First as soon as reasonably possible but no later

than 12 months from the date proof is otherwise required, except for Prescription Drug claims which must be filed within ninety (90) day from the date of purchase to qualify for reimbursement under the Pharmacy Benefit. It is Your responsibility to notify Community First if you receive a billing statement from a Provider. Community First is not responsible for bills that have not been submitted within one year of date of service.

C. WHEN BENEFITS ARE PAID TO THE INSURED

All benefits for allowed charges for a Covered Service or Supply with respect to which benefits would be provided under the Individual Health Benefits Coverage will generally be paid by Community First to the Provider of the service or supply. If You furnish Community First satisfactory evidence that You have made payment to a Provider with respect to allowed charges that are covered under this Individual Policy and the charges are the obligation of Community First, reimbursement for those charges will be paid to You.

Claim Forms: Community First, on receipt of a notice of claim, will provide to the claimant the forms usually provided by the insurer for filing proof of loss. If the forms are not provided before the 16th day after the date of the notice, the claimant shall be considered to have complied with the requirements of this policy as to proof of loss on submitting, within the time fixed in the policy for filing proof of loss, written proof covering the occurrence, the character, and the extent of the loss for which the claim is made.

2. No later than fifteen (15) business days after receipt of all information reasonably necessary for Community First to process the claim, Community First will:

5. All claims must be submitted to Community First within 60 calendar days from the date expenses were incurred or as soon as is reasonably possible to do so. Any claim submitted after 60 days will not be eligible for reimbursement, unless a written statement requesting additional time (not to exceed 45 days) is received.

A benefit that is payable to You in accordance with the above paragraph but remains unpaid at the time of Your death will be paid to Your estate.

D. DAMAGES

If delaying payment of a claim following receipt of information required by Community First exceeds the period allowed above, Community First shall pay the claim amount and eighteen percent (18%) per annum of the amount of such claim as damages, together with reasonable attorney fees as may be required by the trier of fact.

E. PHYSICAL EXAM

Community First, at its own expense, has the right to examine the Insured whose loss is the basis of claim. Community First may do this when and as often as is reasonable while the claim is pending.

F. LEGAL ACTION

No action at law or in equity will be brought to recover on the Coverage until 60 days after the written proof described above is furnished. No such action will be brought more than three years after the end of the time within which proof of loss is required.

VI. INCONTESTABILITY OF COVERAGE

This section limits Community First's use of Your statements in contesting Your Coverage under the Individual Health Benefits Coverage. These are statements made to persuade Community First to affect that coverage, and all such statements are considered representations and not warranties. They will be considered to be truthful and made to the best of Your knowledge and belief. The following rules apply to each statement, except for statements related to health status:

- A. It will not be used in a contest to void, cancel, or non-renew Your coverage or reduce benefits under the Coverage unless:
 - 1. It is in a written application signed by You; and
 - 2. A copy of that application is or has been furnished to You or Your personal representative.
- B. Your coverage can be voided only in the event of a fraudulent misrepresentation of material fact on the enrollment application

- c. Community First will schedule a hearing before a Complaint Appeal Panel where You or Your Dependent normally receive health care services within the Service Area, unless You and Community First agree to another site. In lieu of appearing in person, You may conference in by telephone or You may address a written Appeal to the Complaint Appeal Panel.

The Panel will consist of individuals appointed by Community First. The Panel consists of equal numbers of Community First staff, Providers, and Insured. No individual serving on the Panel may have previously been involved in the disputed decision that is the subject of the Appeal.

All Providers serving on the Panel must have experience in the area of care that is in dispute and must be independent of the Provider(s) who made any prior determination(s). If specialty care is in dispute, the Appeal Panel will include an additional person who is a specialist in the field of care to which the Appeal relates. Members serving on the Appeal Panel may not be employees of Community First.

- d. No later than five (5) business days before the hearing, unless You agree otherwise, Community First shall provide You or Your designated representative:
 - i. any documentation that Community First staff will present to the Panel;

 - f. Community First will complete the Complaint Appeal process no later than 30 calendar days after the date Your written request for an Appeal is received by Community First. Any review by an Appeal Panel will be obtained within this time frame.
 - g. At any time, You have the right to contact the Texas Department of Insurance at 1-800-252-3439.
5. **Arbitration.** If You remain dissatisfied after completion of the process described above, You may exercise Your right to submit the matter to Arbitration. Decisions at arbitration are final and binding. All claims, disputes, controversies and other matters in question related to any of the terms of this Individual Policy may be arbitrated. If You voluntarily choose to have arbitration, the arbitration proceeding will be conducted pursuant to the Texas Arbitration Act. Notice of the demand for arbitration shall be made in writing and filed with Community First subject to this provision and the demand shall be made within a reasonable time not to exceed 30 calendar days after the process described in Sections 3 through 5 above has been exhausted.

The award rendered by the arbitrators shall be final and binding on You and Community First. The judgment may be entered upon it in accordance with applicable law in any federal or Texas court having jurisdiction.

6. **Maintenance of Records.** Community First will maintain a record of each Complaint and/or Complaint Appeal as well as any proceedings and any actions taken on a Complaint and/or Complaint Appeal for three (3) years from the date of receipt of a Complaint. You may obtain a copy of the record on Your Complaint, Complaint Appeal and any proceedings.
7. **Process For Appealing an Adverse Determination.** Adverse Determination is the determination by Community First that the health care services furnished or proposed to be furnished to an Insured are not Medically Necessary or are experimental or investigational or not appropriate. A complaint filed concerning dissatisfaction or disagreements with an Adverse Determination constitutes an appeal of that Adverse Determination.

You, your authorized representative, a Provider of record acting on your behalf may appeal an Adverse Determination orally or in writing. You must submit your appeal within 180 calendar days from the date on the notice of an Adverse Determination. Appeals of Adverse Determinations will be handled in the following manner:

- a. Within five (5) business days from receipt of the Appeal, Community First will send the appealing party a letter acknowledging the date of Community First's receipt of the Appeal. This letter will include a reasonable list of documents which need to be submitted to Community First for the Appeal.
- b. When Community First receives an oral Appeal of an Adverse Determination, Community First will send the appealing party a one-page Appeal form.
- c. Emergency Care denials, denials for care of Life-Threatening Conditions and denials of continued stays for Hospital patients or other health care services for an Insured who has received emergency services but has not been discharged from a facility may follow an expedited Appeal procedure, if requested. This procedure will include a review by a health care Provider who has not previously reviewed the case, and who is of the same or a similar specialty as the Provider who typically manages the medical condition, procedure, or treatment under review.

Expedited reviews are available for Insured who are denied the provision of prescription drugs or intravenous infusions for which the patient is receiving benefits under this policy and for care of life-threatening conditions, which could seriously jeopardize the Insured's life or health, or a denial of another service if the requesting health care provider includes a written statement with supporting documentation that the service is necessary to treat a life-threatening condition or prevent serious harm to the patient. Expedited reviews are also available for the denial of a step therapy exception request.

The time frame in which such an expedited Appeal must be completed will be based on the medical or dental immediacy of the condition, procedure, or treatment, but will not exceed one (1) business day following the date that the Appeal, is made to Community First.

Adverse Determination Appeals will include a review by a health care Provider who has not previously reviewed the case and who is not a

subordinate of the initial reviewer. Community First will notify You, Your designated representative and Your Provider of record of the outcome of the Appeal of the Adverse Determination, explaining the resolution of the Appeal. Community First will provide written notification to the appealing party as soon as practical, but no later than 30 calendar days after we receive the oral or written Appeal.

- d. An appropriate health care Provider will make all Appeal decisions for Adverse Determinations. If the Appeal is denied, and within ten (10) business days the health care Provider sets forth, in writing, good cause for having a particular type of a specialty Provider review the case, the denial will be reviewed by a health care Provider in the same or similar specialty as typically manages the medical, dental, or specialty condition, procedure, or treatment under discussion for review. Such specialty review will be completed within fifteen (15) business days of receipt of the request.

8. Process for Requesting Independent Review of an Adverse Determination

- a. You, Your designated representative and Your Provider of record will be notified at the time of the denial of the Appeal of an Adverse Determination of Your right to have Your Appeal reviewed by an Independent Review Organization (IRO). You may only seek independent review in the case of an Adverse Determination.
- b. The IRO notification in the Appeal denial letter includes the procedure for requesting an IRO review; a copy of a request for review by an IRO form; how to obtain more information regarding IRO Appeal rights, and a statement that You are not required to bear the cost of the IRO review, including filing fees.
- c. The prescribed form must be completed and returned to Community First, including the medical release section signed by You or the Insured's legal guardian in order to begin the Independent Review process.
- d. In a circumstance involving a Life-Threatening Condition, continued hospitalization, or prescription drugs or intravenous infusions for which You are currently receiving benefits, You are entitled to an immediate Appeal to an IRO and are not required to comply with the procedures for an Adverse Determination Appeal to Community First. In these circumstances, You, Your designated representative, or Your Provider of record may contact Community First by telephone to request the review and provide the required information.
- e. There is no right of Appeal of the IRO determination by You, Your designated representative, Your Provider of record, or Community First. This Appeals process does not prohibit You from pursuing other appropriate remedies, including injunctive relief, a declaratory judgment, or relief available under law.

B. IDENTIFICATION CARDS

Identification cards (ID cards) will be issued to the Insured within 30 calendar days of receiving notice of the Insured's selection of a PCP (if PCP is selected). The ID card will include all necessary information to allow You to access services under the Individual Health Benefits Coverage.

Identification cards issued by Community First, in connection with the Individual Health Benefits Coverage are for identification only and remain the property of Community First. Possession of an ID Card does not convey any rights to benefits under the Individual Health Benefits Coverage. Any person who receives services, supplies, or other benefits to which the person is not entitled by the terms of the Individual Health Benefits Coverage and of the Individual Contract will be charged for the actual costs incurred by Community First for any such services or supplies or for the amount of any such benefits. If an Insured permits another person to use the Insured's ID Card, Community First may:

1. Invalidate that Insured's ID Card; and
2. Terminate that Insured's Coverage as provided in the "WHEN YOUR COVERAGE ENDS" section.

C. CONFIDENTIAL NATURE OF MEDICAL RECORDS

Any information from an Insured's medical records received from Providers or Hospitals incident to the Provider-patient or Hospital-patient relationships will be kept confidential as permitted by applicable law. Such information may not be disclosed without the consent of the Insured, except as is reasonably necessary in connection with the administration of the Individual Health Benefits Coverage or as permitted by law. Each Insured agrees that Participating Providers or Consulting Providers may release medical records to Community First, and any of its subsidiaries or affiliates, as is reasonably necessary for claim determination, litigation, or other normal business activities.

D. ASSIGNMENTS

Benefits provided to an Insured under the Individual Health Benefits Coverage are personal to the Insured and are not assignable or otherwise transferable.

E. RELATION AMONG PARTIES AFFECTED BY THE CONTRACT

The relationship between Community First and any Hospital is that of an independent contractor. No Hospital is an agent or employee of Community First, nor is Community First or any employee of Community First an employee or agent of any Hospital. Each Hospital will maintain the Hospital-patient relationship with the Insured under the Contract and is solely responsible to the Insured for Hospital supplies and services.

The relationship between Community First and any Participating Provider is that of an independent contractor. No Participating Provider is an agent or employee of Community First, nor is Community First or any employee of Community First an employee or agent of a Participating Provider. Each Participating Provider will maintain the Provider-patient relationship with Insured under the Individual Contract and is solely responsible to the Insured for supplies and services furnished to the Insured.

Neither the Federally Facilitated Marketplace (FFM) nor any Insured under the Individual Contract is the agent or representative of Community First. Any Insured under the Individual Contract will not be liable for any acts or omissions of Community First, its agents or employees, or of any Hospital, Doctor, or other health care Provider with which Community First, its agents or employees make arrangements for furnishing supplies and services to the Insured.

An Insured may, for personal reasons, refuse to accept procedures or courses of treatment recommended by Participating Providers. Participating Providers will use their best efforts to render all needed, appropriate professional services in a manner compatible with the Insured's wishes. Each Participating Provider will do this to the extent it is consistent with the Provider's judgment as to the needs of the person and proper medical practice. If an Insured refuses to follow a recommended treatment or procedure and the Participating Provider believes that there is no professionally acceptable alternative, the Insured will be so advised.

If the Insured then still refuses to follow the recommended treatment or procedure:

1. The Insured will be given no further treatment for the condition being treated; and
2. neither Participating Providers, Hospitals, nor Community First, will have any further responsibility to provide care for that condition.

However, if the Insured later accepts the recommended treatment, it will be provided. If the refusal of recommended treatment continues and such refusal results in an unsatisfactory relationship (as described in the "Termination of Insured for Cause" part of the "WHEN YOUR COVERAGE ENDS" section of the Individual Policy), Community First may give written notice to the Insured that the person is no longer an Insured for the Individual Health Benefits Coverage. The procedures for receiving and resolving complaints described above are available to the Insured.

F. NOTICES AND OTHER INFORMATION

Any notices, documents, or other information under the Individual Contract may be sent by United States Mail, postage prepaid, addressed as follows:

If to Community First: At its address shown on the first page of this Individual Policy.

If to an Insured: To the last address provided by the Insured on an enrollment or change of address form delivered to Community First.

G. WHEN YOUR COVERAGE ENDS

1. Individual and Dependent Coverage.

a. Your individual coverage or your dependent coverage will end when the first of these occurs:

- (1) The Individual Contract ends.
- (2) You fail to pay before the end of the grace period, any monthly premium required for Your Individual Coverage. Failure to contribute for Dependent Coverage will not cause Your Individual Coverage to end.
- (3) You no longer reside, live or work within the Service Area, subject to 30 days' written notice.
- (4) You become eligible under Part A of Medicare by reason of reaching age 65, You elect Medicare as Your primary benefit program (for active Eligible Member and their Qualified Dependents), and choose not to continue the Individual Health Benefits Coverage.
- (5) The coverage is Dependent Coverage and Your Individual Coverage ends.
- (6) Discontinuance and Replacement. Community First must provide a 90-day notice to the Insured prior to discontinuance, an explanation of the Insured's option to purchase any other individual plan, and terminations will be uniformly applied and not based on health status related factors of a covered person.

- (7) Withdraw from Marketplace. If Community First withdraws from the marketplace, a 180-day notice will be sent to the Insured and Texas Department of Insurance Commissioner. Termination will be uniformly applied and not based on health status related factors of a covered person.
- (8) Continuance of Coverage for Spouse in the Event of the Primary Insured's Death. If the policy is guaranteed renewable, coverage of the spouse must continue after the death of the primary Insured.

b. Your dependent coverage for a qualified dependent will end when that person:

- (1) Moves his or her permanent residence outside the Service Area. Excluded from this requirement are dependent children whose eligibility for coverage is determined by a court-ordered child support or medical support document.
- (2) Ceases to be a Qualified Dependent. (See the section entitled "Continued Coverage for an Incapacitated Child" below.)

c. Cancellation and non-renewal of coverage:

If any of the following conditions exist, Community First will give written notice to the Insured that the person is no longer an Insured for the Individual Health Benefits Coverage:

- (1) FRAUD OR INTENTIONAL MATERIAL MISREPRESENTATION. If You furnish incorrect or incomplete information in a statement made for the purpose of effecting coverage under the Individual Health Benefits Coverage, Your coverage may be cancelled after no less than fifteen (15) days written notice. This condition is subject to the provisions of the section entitled "INCONTESTABILITY OF COVERAGE."
- (2) FRAUD IN THE USE OF YOUR IDENTIFICATION CARD, FACILITIES OR SERVICES. If You permit any other person who is not a member of the Family Unit to use any identification card issued by Community First to You, or if You fraudulently access any Participating Facilities or services provided by Community First, Your coverage may be cancelled after no less than fifteen (15) days written notice.
- (3) FAILURE TO RESIDE, LIVE OR WORK IN COMMUNITY FIRST'S SERVICE AREA. If an Insured neither resides, lives or works in Community First's Service Area, coverage may be canceled after a thirty (30) day written notice, but only if coverage is terminated uniformly without regard to any Health Status-Related Factor of the Member. Coverage for a Court-Ordered Dependent cannot be cancelled solely because the Child does not reside, live or work in the Service Area.

If Community First gives the Insured such written notice of termination of Coverage:

- (a) that person will cease to be an Insured for the benefits of the Coverage on the date immediately following thirty (30) days after such written notice is given by Community First; and
- (b) no benefits will be provided to the person under the Coverage after such date.

Any action by Community First under these provisions is subject to review in accordance with the Complaint and Complaint Appeal Process established by Community First.

- d. Reinstatement of coverage:** If an Insured or Dependent loses coverage that is not covered under Special Enrollment Periods, and provided that such Insured or Dependent meets all eligibility requirements for coverage, such Insured or Dependent may be reinstated during the subsequent open enrollment period set forth by the Centers for Medicare and Medicaid Services (CMS) through the FFM.

Before You go to a Participating Provider for an eye examination, eyeglasses, or contact lenses, please call ahead for an appointment. When You arrive, show the receptionist Your identification card. III. SELECTING A PHARMACY

When You need a Prescription Order filled, You should use a Participating Pharmacy. Each prescription or refill is subject to the Copayment shown in the “Schedule of Copayments and Benefit Limits”.

Participating Pharmacy. When You go to a Participating Pharmacy, You must pay any Copayment and any applicable pricing differences. You may be required to pay for limited or non-Covered Services. No claim forms are required. If You are unsure whether a Pharmacy is a Participating Pharmacy, You may access the website at UniversityCommunityCarePlan.com or contact the Member Services department at 210-358-6400 or toll-free number at 1-888-512-2347. **Mail-Order Program.** If You elect to use the mail-order service, You must mail Your Prescription Order to the address provided on the mail-order prescription form and send in Your payment for each prescription filled or refilled. Each prescription or refill is subject to the Copayment shown in the “Schedule of Copayments and Benefit Limits” and any applicable pricing differences, payable by the Member directly to the mail order Pharmacy.

Some drugs may not be available through the mail-order program. If You have any questions about the mail-order program, need assistance in determining the amount of Your payment, or need to obtain the mail-order prescription claim form, access the website at UniversityCommunityCarePlan.com or contact the Member Services department at 210-358-6400 or toll-free number at 1-888-512-2347. Mail the completed form, Your Prescription Order(s) and payment to the address indicated on the form.

Prescription Drugs Purchased Outside of the Service Area. Community First will not reimburse You for prescription drugs purchased outside of the EPO formulary.

IV. YOUR COST

You are responsible for any Copayments for covered drugs shown in the “Schedule of Copayments and Benefit Limits”. and any pricing differences that may apply to the covered drug dispensed.

How Copayment Amounts Apply. If the Allowable Amount of the Drug is less than the Copayment, You pay the lower cost. You will pay no more than the applicable Preferred Brand Name Drug or Non-Preferred Brand Name Drug Copayment if the prescription has no generic equivalent. If You receive a Brand Name Drug when a generic equivalent is available, the Copayment will be the total of the Generic Drug Copayment plus the difference between the cost of the Generic Drug equivalent and the cost of the Brand Name Drug.

V. ABOUT YOUR BENEFITS

Covered Drug List. A list of all covered drugs is shown on the Drug List. Community First will periodically review the preferred drug list and adjust it to modify the preferred/non-preferred Brand Name Drug status of new and existing drugs. Changes to the Drug List will be implemented on the next renewal date of Your Individual Health Benefits Coverage policy. The Insured will receive at least a 60 day notice prior to any such modification. The Drug List and any modifications thereto will be made available to the Insured. This list is available by accessing the website at UniversityCommunityCarePlan.com or by calling the Member Services department at 210-358-6400 or toll-free number at 1-888-512-2347.

Exception Requests. If Your drug is not on the Drug List, You, Your authorized representative, or Your Health Care Practitioner can request an exception by contacting the Member Services department at 210-358-6400 or toll-free number at 1-888-512-2347. Along with your request, Your Health Care Practitioner should submit a supporting statement explaining why the drug is needed to treat Your condition. Community First will provide notice of our decision no later than 72 hours after receipt of Your Health Care Practitioner's supporting statement. If approved, the drug will be covered at a cost-sharing level that Community First has pre-determined.

If you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if You are undergoing a current course of treatment using a drug that is not on the Drug List, expedited review may be requested. The supporting statement from Your Health Care Practitioner should indicate that an exigency exists, discuss the harm that could result if the requested drug is not provided on an expedited basis, and explain why the drug is needed to treat Your condition. Community First will provide notice of our decision no later than 24 hours after receipt of the supporting statement from Your Health Care Practitioner. If Your exception request is approved, the drug will be covered for the duration of the exigency at a cost sharing level pre-determined by Community First.

If your exception request is denied, You may appeal the decision as described in the "Process For Appealing an Adverse Determination" section of this Policy. You will also receive information about the appeals process with the denial letter.

Day Supply. Benefits for covered drugs obtained from a Participating Pharmacy are provided up to the maximum day supply limit as shown in the "Schedule of Copayments and Benefit Limits". Community First has the right to determine the day supply. Payment for benefits covered by Community First may be denied if drugs are dispensed or delivered in a manner intended to change, or having the effect of changing or circumventing, the stated maximum day supply limitation.

If You are leaving the country or need an extended supply of medications, call customer service at least two weeks before You intend to leave. Extended supplies or vacation override are not available through the mail-order program but may be approved through the retail Pharmacy only. In some cases, You may be asked to provide proof of continued membership eligibility under the Policy.

Dispensing/Quantity Versus Time Limits. The maximum quantity of a given prescription drug indicates the number of units to be dispensed and is determined based on pertinent medical information and clinical efficacy and safety. Quantities of some drugs are restricted regardless of the quantity ordered by the Health Care Practitioner. To determine if a specific drug is subject to this limitation, You may access the website at UniversityCommunityCarePlan.com or contact the Member Services department at 210-358-6400 or toll-free number at 1-888-512-2347.

If a Prescription Order is written for a certain quantity of medication to be taken in a time period directed by a Health Care Practitioner, the Prescription Order will only be covered for a clinically appropriate predetermined quantity of medication for the specified amount of time. Dispensing limits are based upon FDA dosing recommendations and nationally recognized clinical guidelines.

Community First has the right to determine dispensing limits at its sole discretion. Payment for benefits covered by Community First may be denied if drugs are dispensed or delivered in a manner intended to change, or having the effect of changing or circumventing, the stated maximum quantity limitation. If You require a Prescription Order in excess of the dispensing limit established by Community First, ask Your Health Care Practitioner to submit a request for clinical review on Your behalf. The Health Care Practitioner can obtain an override request form by accessing our website at UniversityCommunityCarePlan.com.

Any pertinent medical information along with the completed form should be faxed to Clinical Pharmacy Programs at the fax number indicated on the form. The request will be approved or denied after evaluation of the submitted clinical information.

Controlled Substance Limits. In the event Community First determines that a Member may be receiving quantities of a Controlled Substance not supported by FDA approved dosages or recognized treatment guidelines, any additional drugs may be subject to a review for medical necessity, appropriateness and other coverage restrictions such as limiting coverage to services by a certain Provider and/or Participating Pharmacy for the prescribing and dispensing of the Controlled Substance.

Certain Prescription Drug Payments and Refills. Community First may not require an Insured to make a payment for a prescription drug at the point of sale in an amount greater than the lesser of:

- A. The applicable copayment;
- B. The allowable claim amount for the prescription drug; or
- C. The amount an individual would pay for the drug if the individual purchased the drug without using a health benefit plan or any other source of drug benefits or discounts.

Community First covers prescription eye drops to treat a chronic eye disease or condition and must allow the refill of prescription eye drops if the Insured timely pays at the point of sale the maximum amount allowed by Subsection (a) and:

- A. The original prescription states that additional quantities of the eye drops are needed;
- B. The refill does not exceed the total quantity of dosage units authorized by the prescribing provider on the original prescription, including refills; and

- C. The refill is dispensed on or before the last day of the prescribed dosage period and:
 - 1. Not earlier than the 21st day after the date a prescription for a 30-day supply of eye drops is dispensed;
 - 2. Not earlier than the 42nd day after the date a prescription for a 60-day supply of eye drops is dispensed; or
 - 3. Not earlier than the 63rd day after the date a prescription for a 90-day supply of eye drops is dispensed.

Prescription Drug Synchronization. Community First must:

- A. Provide in plain language in the coverage documentation provided to each Insured:
 - 1. Notice that the plan uses one or more drug formularies;
 - 2. An explanation of what a drug formulary is;
 - 3. A statement regarding the method the issuer uses to determine the prescription drugs to be included in or excluded from a drug formulary;
 - 4. A statement of how often the issuer reviews the contents of each drug formulary; and
 - 5. Notice that an Insured may contact the issuer to determine whether a specific drug is included in a particular drug formulary;
- B. Disclose to an individual on request, not later than the third business day after the date of the request, whether a specific drug is included in a particular drug formulary; and
- C. Notify an Insured and any other individual who requests information under this section that the inclusion of a drug in a drug formulary does not guarantee that an Insured's health care provider will prescribe that drug for a particular medical condition or mental illness.

Proration of Cost-sharing Amount Required. Community First shall prorate any cost-sharing amount charged for a partial supply of a prescription drug if the pharmacy or the Insured's prescribing physician or health care provider notifies the health benefit plan that:

- A. The quantity dispensed is to synchronize the dates that the pharmacy dispenses the Insured's prescription drugs; and
- B. The synchronization of the dates is in the best interest of the Insured; and
- C. The Insured agrees to the synchronization.

The proration described must be based on the number of days' supply of the drug actually dispensed.

Step Therapy. Coverage for certain prescription drugs or drug classes is subject to a step therapy program. Step therapy programs favor the use of clinically acceptable alternative medications that may be less costly for you prior to those medications on the step therapy list of drugs being covered under Community First.

The Insured or prescribing provider may request a step-therapy exception. Below indicates how this may occur:

- A. Community First may modify drug coverage provided under a health benefit plan if:
 - 1. The modification occurs at the time of coverage renewal;
 - 2. The modification is effective uniformly among all group health benefit plan sponsors covered by identical or substantially identical health benefit plans or all individuals covered by identical or substantially identical individual health benefit plans, as applicable; and
 - 3. Not later than the 60th day before the date the modification is effective, the issuer provides written notice of the modification to the commissioner, each affected group health benefit plan sponsor, each affected Insured in an affected group health benefit plan, and each affected individual health benefit plan holder.

- B. Modifications affecting drug coverage that require notice include:
 - 1. Removing a drug from a formulary;
 - 2. Adding a requirement that an Insured receive prior authorization for a drug;
 - 3. Imposing or altering a quantity limit for a drug;
 - 4. Imposing a step-therapy restriction for a drug; and
 - 5. Moving a drug to a higher cost-sharing tier unless a generic drug alternative to the drug is available.

- C. Community First may elect to offer an Insured in the plan the option of receiving these notifications by e-mail.

When You submit a Prescription Order to a Participating Pharmacy for one of these designated medications, the pharmacist will be alerted if the online review of Your prescription claims history indicates an acceptable alternative medication has not been previously tried. If so, a toll-free phone number will be provided to You for Your Health Care Practitioner to call and obtain additional program and criteria information. A list of step therapy medications is available to You and Your Health Care Practitioner on our website at UniversityCommunityCarePlan.com or contact the Member Services department at 210-358-6400 or toll-free number at 1-888-512-2347.

If it is Medically Necessary, coverage can be obtained for the prescription drugs or drug classes subject to the step therapy program without trying an alternative medication first. In this case, Your Health Care Practitioner must contact Community First to obtain prior authorization for coverage of such drug. If authorization is granted, the Health Care Practitioner will be notified and the medication will then be covered at the applicable Copayment.

Although You are currently on step therapy, Your claim may need to be reviewed to see if the criteria for coverage of treatment has been met. A documented treatment with a generic or brand therapeutic alternative medication may be required for continued coverage of a Brand Name Drug.

This provision does not apply to prescription drugs associated with the treatment of stage-four advanced, metastatic cancer or associated conditions.

For an Insured who is 18 years of age or older with a diagnosis of a serious mental illness, Community First will not:

1. require an Insured to fail to successfully respond to more than one different drug for each drug prescribed, excluding the generic or pharmaceutical equivalent of the prescribed drug; or
2. prove a history of failure of more than one different drug for each drug prescribed, excluding the generic or pharmaceutical equivalent of the prescribed drug.

If Community First does not deny an exception request within 72 hours of the request, the request is considered granted. When the provider believes death or serious harm is probable, the request is considered granted if Community First does not deny the request within 24 hours. A denial of an exception is considered an Adverse Determination subject to an expedited review.

Prior Authorization. Coverage for certain designated prescription drugs is subject to prior authorization criteria. This means that in order to ensure that a drug is safe, effective, and part of a specific treatment plan, certain medications may require prior authorization and the evaluation of additional clinical information before dispensing. You and Your Health Care Practitioner may access a list of the medications which require prior authorization on our website at UniversityCommunityCarePlan.com or contact the Member Services department at 210-358-6400 or toll-free number at 1-888-512-2347.

When You submit a Prescription Order to a Participating Pharmacy for one of these designated medications, the pharmacist will be alerted online if Your Prescription Order is on the list of medications which require prior authorization before it can be filled. If this occurs, Your Health Care Practitioner will be required to submit an authorization request. This form may also be submitted by Your Health Care Practitioner in advance of the request to the Pharmacy. The Health Care Practitioner can obtain the authorization form by accessing our website at UniversityCommunityCarePlan.com. The requested medication may be approved or denied for coverage by Community First based upon its accordance with established clinical criteria.

Community First will not require an Insured to receive more than one prior authorization annually of the prescription drug benefit for a prescription drug prescribed to treat an autoimmune disease, hemophilia, or Von Willebrand disease. Excludes opioids, benzodiazepines, barbiturates, and carisoprodol and does not apply to prescription drugs that have a typical treatment period of less than 12 months.

Right of Appeal. You have the right to appeal as explained in the “Process for Appealing an Adverse Determination” section of this Policy.
